PRACTICE LISTS

For us to run a Reactivation, Review, or any other texting & email campaign, we must upload your practice lists into your Chirorevenue CRM. These lists also allow us to retarget, remarket, online as well.

We only need their **First Name | Last Name | Email | Number | Birthday** for our campaigns. All other info can stay in your PRM

1. Login to your patient portal to access your customer list.
 - a. Segment the following lists:
 - i. **All Contacts**
 - ii. **All Patients Prior** to the past 6 months
 - iii. **All Active** Patients (Past 6 months up until today)
2. Export these 3 lists labeled clearly.
3. Double check that your list is formatted correctly & *only* includes the information we need.
4. Send all 3 lists in the Client Google Drive folder under "Docs and Files" in Basecamp project

LIST TROUBLE?

Depending on the software you use, exporting is different. Our team can clean lists & fix formatting, but the lists must be segmented. This is absolutely critical to the success of your campaigns.

FREQUENTLY ASKED QUESTIONS

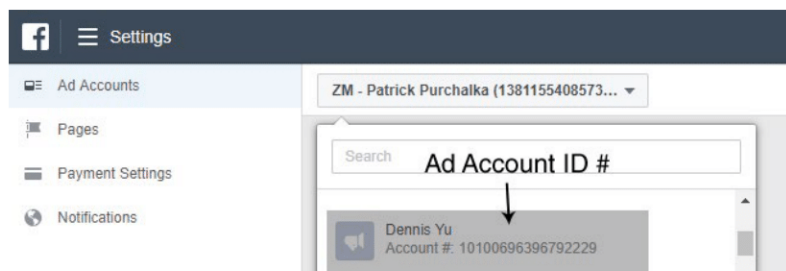

Q: Why don't I see any "Assign Partner" button when I'm trying to grant access for either my Facebook Page or Ad Account?

A: Depending on the way your Business Manager was set up, you may not see an "Assign Partner" button. If this option isn't available, here is what to do:

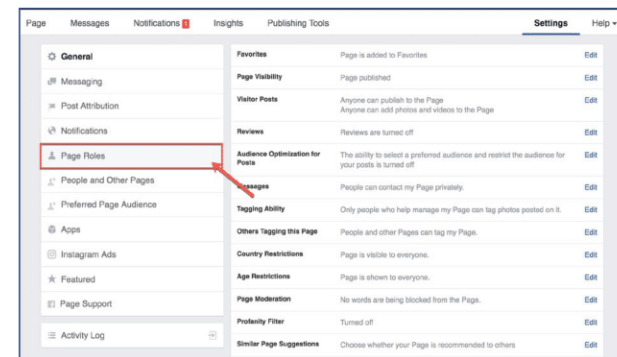

For a Facebook Page: Email the URL of your page to stephanie@chirorevenue.com using the subject line "FB Page Access". We will then manually request access and email you the next steps when completed.

For a Facebook Ad Account: Email your Ad Account ID to stephanie@chirorevenue.com using the subject line "FB Ad Account Access". We will then manually request access and email you the next steps when completed.

Q: Why can't I find where to approve access that was requested?

A: For a Facebook Page: Go to your Facebook Page, click on **Settings**, and then navigate to **Page Roles**. Here, you can confirm access.

For a Facebook Ad Account: Check the notifications on your Facebook Business Manager, your Ad Account, your email, and the profile associated with the Ad Account or Business Manager. Depending on how your Business Manager was set up, and your role, the notification to approve access should show up in one of these four places.
